ADVANTAGE HOME HEALTH SERVICE'S MAGGIE LAZARRE TO PRESENT AT HOME HEALTH CARE SEMINAR

Lakeland's Home Care Visionary Will Help Seniors and Their Families Understand & Explore Options for Healthful Aging at Home

Lakeland, FL--(November 10, 2009)--Advantage Home Health Services, Central Florida's leader in compassionate home care, today announced that President and Founder Maggie Lazarre will be participating in the upcoming home health care seminar on Tuesday, November 17, 2009, at Community Southern Bank in Lakeland.

"I'm so excited to have this opportunity to help seniors and their families better understand the services available to them and address their questions and concerns about later life care," said Ms. Lazarre. "So many Lakeland area seniors are relieved to know that there are services available to help them stay in their beloved homes despite illness, loss of their spouse, or other physical or emotional challenges. This wasn't an option for their parents. It's new to many seniors and they often have many questions about the types of services available, how to pay, even where to get started. That's what we'll be addressing in the seminar."

The seminar is designed to celebrate November's National Home Health Care Month by increasing awareness of home health care options and planning for later life care. In addition to Advantage Home Health Services, sponsors include Hope Hospice, Polk County Elder Care, Polk County Adult Daycare, Polk County Food & Care, and Qualimed. The event is being held in the Community Room of Community Southern Bank's Lakeland Branch, 3340 South Florida Avenue, from 1pm until 3pm. Admission is free and open to the public.

About Advantage Home Health Services

Founded in 2000, Advantage Home Health Services is Central Florida's leading advocate for compassionate home care. As a community-based organization headquartered in Lakeland, Advantage understands the specific needs and concerns of local elderly clients and their families, and strives to provide a wide range of services that bring much needed peace of mind to them and their loved ones. Company services range from specialized round the clock nursing care, to assistance with personal care and grooming, homemaker services, companion services, and Advantage HealthWatch, a subscription-based health visitation service for seniors.
